Sir,

The Commissioner, Bldrs Corporation no GC 3997/51-52 dated 8/7/52 forwards for approval his draft of the above Bye laws

Original copies of the local papers in which the Bye-laws were published have been sent enclosed The date of the Regional Gazette in which they are published is not ascertained which if furnished would have helped reference

2) The Resolution dated 23/6/52 of the Corporation approving the Bye laws is sent enclosed

3) Sub sec (28) and (29) of Sec 3 of the Corporation Act defines 'private street' and 'public street' Whether a separate definition of road in the Bye Laws is necessary and if so should not the same as defined for 'public street' in the Act be followed for consideration

4) The Traffic Regulations exist in the police and the Home Dept may therefore be requested to offer its remarks on the draft Bye laws in addition to the 1st objection.

41) Copies of the Mysore Motor vehicles and Road Traffic Act, 1944, M M V R T Rules of 1945 and the Mysore Police Act are placed in the file.

Since the Central Motor vehicles Act has been extended to the state, it is doubtful whether the state Act and Rules are now in force or not.

Regarding the provisions contained in the Police Act, reference is invited to Chapter IV — Police Regulations. under Section 36, District Magistrates may make rules regarding the use of streets etc, subject to such orders as may have been made by a Municipal or other authority. under Section 50, it is the duty of the Police to regulate traffic in streets etc under Section 56, punishments are provided for street offences. No Traffic Rules seem to have been made by Govt under the Police Act. If considered necessary, the D H Bangalore will be requested to intimate whether he has made any Traffic Rules for Bangalore city.

26) It is better to have an uniform set of Rules for the whole state Such Rules will have to be under the police Act Sections 50 and 78(1) of the Act The Rules now framed for Bangalore Corporation area may be made applicable to all Municipal & Panchayath areas I have a doubt however whether under Section 50 & 78 (1) Of the police Act, all the provisions of the ~~Corpora~~ proposed Corporation Rules can be incorporated Law Secretariat may furnish opinion on this point

Another point is When Rules are made applicable to whole State Rules 28, 39 & 41 have to be amended / only Asst Magistrate authorised ~~So also in Cas~~ It is essential that the powers of the Asst Magistrate under Section 36 are interfered with as little as possible It has to be examined whether ~~&~~ Rule 42 (b) & (c) cannot be suitably amended ~~There~~ or ~~Com~~ There is only one weighing machine in Bangalore in Egp's Office & it will be a great hardship if simple villagers are asked to come over there from long distances Rule 44 may require amendment The Rules ~~will~~ can give considerable handle to corrupt and unwary Officers to ease the public It should be made clear that Rules will not ~~be~~ over Rules Rules under the M V Act ~~will not be~~ & provisions of M V Act itself

36) The City of Bangalore Municipal Corporation under Section IO(c) of Section 367 of the Corporation Act has proposed to make Bye-laws for the regulation of traffic in public streets or their reservation for particular kinds of traffic in the City of Bangalore I have separately noted on the draft of the proposed Police Act that certain provisions of the Police Act may not be necessary in view of the fact that there is provision in the Municipal, Health and other Acts to meet some of the cases visualized in the Police Act

37) The traffic bye-laws in any case should not offend the Indian Motor Vehicles Act and the rules there-under, as Indian Motor Vehicles Act is a Central enactment Indian Motor Vehicles Act provides for the following provisions -

Section 41 empowers Provincial Government or any authority authorized in this behalf by the Provincial Government to fix speed in any particular area

Section 72 limits the weights and imposses limitations on the use of heavy transport vehicles

Section 73 permits any person authorized by the Provincial Government to require any Motor Vehicle if within a distance of one mile of the weighing device on the formed route or within a distance of 5 miles from the distance of the vehicle is found to be over-loaded, the prescribed authority may have the excess weight reduced

Serial No

Section 74 empowers prescribed authority to restrict the use of vehicle on any road or bridge

Section 75 empowers the prescribed authority to erect traffic signs

Section 76 empowers the prescribed authority in consultation with the local authority to reserve places for parking motor vehicles

Section 77 empowers the prescribed authority to notify any road as main road

Section 78 requires every Driver of a Motor vehicle to obey travel signs which are mandatory and which are included in Part 'A' of the VIIIIth Schedule

Section 79 requires the Driver of a Motor vehicle on occasions specified in the XIth Schedule to make signals

Section 81 requires that no one in charge of a motor vehicle shall leave the vehicle in a dangerous position

Under Section 91 the Provincial Government is also empowered to make additional rules regarding Motor Traffic

38) In my opinion it is not necessary for the Municipal Corporation to make rules regarding Motor Traffic Hence in the definitions under the traffic by-laws the word 'auto-motor' cars should not only be omitted but the clause except 'auto-motor cars' added the word 'conveyance' In the bye-laws note to article 7 may be omitted Article 33 in the proposed bye-laws seems to be ultra-vires if the cycle stand is on a private property not belonging to Municipality as the Municipality can not restric the right of a private individual to have a cycle stand on his property Regarding Article 36 an amendment by adding the words 'suitable foot-path' suggested instead of "foot-path" Some of the foot-paths now provided by the Municipal Corporation are unfit for pedestrians When the Municipality does not do its duty it is illogical to compel public to use the foot-path which is unfit According to article 40 both District Magistrate and Commissioner will have concurrent powers to close any road To prevent administrative clash it is better that they mutually consult each other and rules may provide for this Article 42 does not give any powers to any Officer of the Municipality to take action against any vehicles infringeing the bye-laws Effect of article 44 is

Out of the 40 Bye-laws published for objections, suggestions have been received from the Deputy Inspector-General of Police, in respect of the Traffic Byelaws

The objections received are examined below -

Suggestions and objections from the D I G of Police- Traffic Bye-laws

---

Suggestions in paras 1 to 7, 13, 17, and 19 contained in the letter of the D I G of Police, may be adopted

With regard to objection in para 8, there is some force in the view of the D I G Sub-clauses(1) & (2) of Clause 40 are sufficient to empower the Commissioner to close temporarily any street for repairs as per provisions of Section 222 of the Corporation Act Hence sub-clause(3) of clause 40 may be deleted

The objections contained in para 9 may be overruled as there is no harm in the D I G of Police consulting the Commissioner for closing any public road or street as under section 212 of the Corporation Act, all public streets vest in the Corporation Regarding the suggestion that provision should be made for the D I G to regulate traffic by causing "one way street" he can take powers under the police Act and forward suggestions to the Corporation as they are responsible for providing amenities to the public

Similarly he can take powers under the Police Act, with regard to suggestions contained in paras 10, 11, 12, 14, 16 and 18 As regards para 15, clauses 43 and 44 are comprehensive to prosecute the offenders

Finally in regard to para 20, generally the D I G of Police, is consulted in all matters affecting traffic Control

The bye laws in question may be approved on the light of the above suggestions

Suggested amendments to the Draft the Traffic Byelaws framed by the Corporation of Bangalore

---

5

1 The definition of "Road in Bye-law(1) may be widened to include alleys, passages and court-yards, where public have access, eg , there are court-yards in all public offices and Cinema halls, and during hours when public have access to these court-yards, the traffic bye-laws will have to be made applicable the word "Road" is defined to include "Street" But in the Corporation Act, a difference is made between a public street and a private street Since the Traffic bye-laws are applicable to public streets, the word "public street" has to be substituted for the word "Street"

2 In Bye-law 2(g), the words "care and" may be added between the words "due" and "Caution" so that the amended Bye-law may read "Every such person shall exercise due care and caution when approaching" etc , etc a driver of a vehicle may be cautious but not careful- the distinction between the words "care" and "caution" is very subtle and it may be advantageous if the word "care" is also added

3 In Bye-law (2) (i) there is no direction to the driver of the vehicle after "halt" If all drivers halt as directed there will be a congestion of traffic Therefore, at the end of the byelaw, may be added "such person shall then proceed after assuring himself that the road that he intends to enter is clear of all other traffic

4 In "Note" to sub-clause 5 of Byelaw 6, the word "shall may be substituted for the word "is" The word "shall" is mandatory

5 In Byelaw 16, 19, and 21, the word "road" may be substituted for the word "street" The word "road" is wider than word "street" and will include all streets named as street Narayanapillay street is designated as a Street but according to the present wording, it looks as if these bye-laws are applicable only to streets and not to roads, e g , Cubbon Road, Mahatma Gandhi Road

6 Byelaw 26.- 5 feet is too much This may be brought in conformity with byelaws 27, which fixes 3 feet

7 Proviso to 30 (2) is contrary to the G O framed under the Mysore Police Act prohibiting double riding on cycles the traffic byelaw cannot oust out a general law framed by Govt The G O is issued during 1937 Till this G O is cancelled, this bye-law can not be framed

8 40 (3) and (4) - While our intention is not to diminish the powers of the Commissioner of the Corporation in the matter of closing roads in circumstances other than those detailed in 40(1), powers to order closure of roads for purposes of traffic control should be vested absolutely with the Commissioner of Police Also the power assumed by the Commissioner of the Corporation is repugnant to the (Central) Motor Vehicles Act 1939 This power was not vested with the President of the Cantonment Board Commission also (Please vide Bangalore Cantonment Act and Rules 1941) before retrocession when the Civil and Military Station So, sub-clause 3 to bye-law 40 is to be deleted

9 Bye-law 41:- In this bye-law, the Commissioner of Police is empowered to order closure of certain roads "streets" for consultation with the Corporation" In all matters of traffic control, it is desirable that the Commissioner of Police should have absolute powers to order the closure of the public roads for all traffic It is not our intention to take away the power of the Corporation The Commissioner of Police will consult the Corporation in this matter

6

Since there seems to be no legal sanction for regulating traffic by what are called "one way streets", the Commissioner of Police must be empowered in this behalf The Commissioner of Police must have powers to allow traffic in only one direction in certain public roads for some time or for all time Provision may be made for this

10 Provision may be made for control of movement of vehicles carrying loud speakers, under a license to be issued by the Commissioner of Police

11 Provision is also necessary for controlling the movement of wild animals

12 Provisior should also be made to prohibit a driver or a rider leading a riderless cycle

13 Bye-law 42 - After the words "any Police Officer" at the beginning of the Bye-law, the words "in uniform" may be added

14 Under Section 41d of the Corporation Act, a First Class Magistrate is authorised to take cognisance of the offences under the Act But as far as the traffic Bye-laws are concerned, it may be a waste of time for a First Class Magistrate to hear such cases it is enough if Second Class Magistrates are empowered in this behalf

15 There is no provision to prosecute the offenders under the new laws A provision similar to 170 of the Bangalore Municipal Act may be introduced

Powers to remove deceased persons from being carried in conveyance vehicles may be vested with a Police Officer or

Bye-law 39 -Riding on Cycles- the word "on" may be deleted as it is redundant

Bye-law 39 - Crossing places have to be provided for the pedestrians in public roads or streets Pedestrians walking along the footpath, when they want to cross the road to the other footpath or change their direction, shall cross only a particular place, to be fixed by the Commissioner of Police Otherwise, it will be difficult to enforce this bye-law

Bye-law 39 -Commissioner of Police may also be empowered in this behalf

In view of the highly technical nature of the work regarding traffic control, a provision should be made for consulting the Commissioner of Police in all matters affecting traffic control such as parking, forming traffic islands, illumination of roads,

under the Indian Motor Vehicles Act and the Rules framed thereunder Hence the definitions of the word 'Auto-motor Cars' should not only be omitted from the clause except auto motor Cars' added after the word 'Conveyance'

(ii) Note to bye law no 7 may be omitted

(iii) Bye law no 33 seems to be ultra vires if the Cycle Stand is on a private property not belonging to Municipality the Municipality cannot prohibit- this result is a private individual to have a Cycle Stand on his property

(iv) In bye law 36 for the words Foot path the words "Suitable foot path" or the substitution as it would be required to compel public to use a foot-path which is unfit

(v) under bye law 46 to read the

District Magistrate and the Collector will exercise concurrent powers To prevent administrative clash, it is better that they mutually consult each other, and the Collector may preside for this

Subject - Traffic Bye-laws

With reference to your letter o Gr 3997/51-52 dated the 6th July 1952, on the above subject, I am directed to observe as follows -

(i) It is not necessary for the Corporation to make bye-laws regarding motor traffic when this subject has been brought under the Indian Motor Vehicles Act and the rules framed thereunder. Hence in the definitions in the present draft bye-laws, the word "motor" cars should not only be omitted but the clause 'except auto- or cars' and the word 'conveyance'

(ii) Note to bye-law 6 7 may be omitted

(iii) Bye-law 33 seems to be ultra-vires as the bycle stand is on a private open ct belonging to municipality the municipality cannot restrict the right of a private individual to have a cycle stand on his property

(iv) In bye-law 30 for the words 'foot-path' the words "cycle track foot-path" may be substituted, as it would be illogical to compel public to use a foot-path which is unfit

(v) Under bye-law 40 both the District Magistrate and the Commissioner will exercise concurrent powers. To prevent any administrative clash it is better that they mutually consult each other the bye-laws provide for this

The draft bye-laws is herewith returned for suitably revising the same in the light of the above observations

Yours faithfully,
